

## 12th International Vanadium Symposium

3-5 November 2021

[vanadium12.com](http://vanadium12.com)

18 October, 2021

Dear V12 Symposium Presenter,

While the pandemic certainly influenced all of us, the organizing committee maintained its strong push and is happy to announce that we have a particularly interesting program that features a diverse set of topics, exciting plenary and keynote presentations.

We are happy to share with you the current version of the programme. **The timing on the Program is based on GMT+2.**

Given that presenters are from countries from all over the world, the organizers did their best to build the programme in such a way that will facilitate all presenters to make their presentation live. However, it will be perfectly understandable if one wishes to pre-record his/her presentation.

To facilitate interaction between presenters and attendees, the chat board will be available so that attendees can address questions in writing. The assigned session moderators will address the respective questions to the presenters.

It is very important to stay on schedule, therefore please make sure not to exceed the allocated time per presentation:

- **Plenary Presentations:** 35 minutes
- **Keynote Presentations:** 25 minutes
- **Oral Presentations (Invited):** 20 minutes
- **Oral Presentations (Plain):** 15 minutes
- **Poster Presentations:** 5 minutes

*\*Including time for Q's&A's*

The platform to be used will be ZOOM. We will soon share with you some useful information regarding the flow of the event along with some useful tips regarding ZOOM

## 12th International Vanadium Symposium

3-5 November 2021

[vanadium12.com](http://vanadium12.com)

platform. **Log in details to the ZOOM platform will be forwarded to all nearer to the date of the conference.**

In case you are planning to make a pre-recorded instead of a live presentation, please use the following guidelines for preparing your video:

**File size limit:** 250MB

**File format:** mp4

**Minimum height:** 480 pixels

**Aspect ratio:** 16:9

The deadline for submitting your pre-recorded video is the **25<sup>th</sup> of October, 2021.**

The above specifications on video files will be checked at the time of submission; files not meeting these requirements will be prevented from being uploaded. Except for the above duration and digital constraints, the form of the presentation is left free.

Zoom: One possible approach to record a compatible video from content displayed on your computer screen and voice recorded via the computer microphone, is to record the presentation using Zoom, available to users on most platform and in most countries: <https://support.zoom.us/hc/en-us/articles/201362473-Local-Recording>

### Poster Presenters:

As already notified, Poster Presenters *must submit their posters in advance, using a 16:9 aspect ratio*. Posters must be submitted to [synedrio@topkinisis.com](mailto:synedrio@topkinisis.com) by the 22<sup>nd</sup> of October. Since time for poster presentations is limited (5' per poster presentation) and to avoid any possible delays with screen sharing by the presenters, the organizers will share your poster (screen share) once your time comes up and you will immediately be able to start your talk.

All abstracts will be uploaded and available on the conference website <http://vanadium12.com/>

Feel free to contact us should you have any questions.

*Prof. Anastasios Keramidas*  
Chair of **V12**
